Comment. The [REDACTED] equipment as well as weapons seen by source confirm the Panzer Kaserne as being occupied by the unidentified guards heavy tank SP regiment of the 9th Gds Tank Div and units of the 88th Engr Regt (?) of the Second Gds Mecz Army. It is possible that elements of these units were out for practices prior to early May. However, according to source of paragraph 1, at least the units of the tank regiment have apparently returned prior to 9 May. [REDACTED] the 41st or 413th Pon Bridge Bn of the 88th Engr Regt (?) of the Second Gds Mecz Army in Neubrandenburg up to 11 April 1953.
